

Name

Title e.g. Massage Therapist

Nationality:

Date of Birth:

Email:

Tel:

Languages:

Passport/Visa:

Health Status: e.g. Excellent, non-smoker

Visible tattoos: None

ENG1: Expiry date

Profile

Summary of your experience, what your personality is like and what you excel at. Think about what you can offer a yacht, rather than what you want to get out of yachting. Include why you wish to join yachting if you are new to the industry, or if you have experience, what kind of yacht you're next looking to work on.

Treatments offered

If you're a therapist or instructor, list all the treatments or classes you give.

Qualifications

Include your STCW and yachting certificates. List qualifications chronologically, with most recent first, and include dates, duration of course year and place/institution. There's no need to include your high school qualifications such as GCSEs.

Employment History

List your previous jobs chronologically, with the most recent first, e.g.:

Nov 2013 – present	Job Title	Yacht or Company/Country
Short description of role and duties.		

Sept 2012 – Nov 2013	Job Title	Yacht or Company/Country
Short description of role and duties.		

Make the focus your relevant positions – e.g. spa, massage, beauty, fitness, cruise, hospitality or housekeeping roles. Include yacht daywork experience if you have it, but keep it to one line. Make sure

your experience is easy to quickly read and if you've had lots of short jobs, for example whilst travelling, group them together, so that they don't detract from jobs where you had more longevity.

Interests

If you wish to, include a brief summary of your interests. Try to be specific, such as 'Cooking Thai cuisine' rather than just 'cooking', and avoid putting generic things such as 'travelling' or 'reading'.
